SUMMARY

MERN Stack Developer with hands-on experience in MongoDb , ExpressJs , ReactJs and NodeJs. Developed and deployed live client projects, REST APIs, and AI-powered applications. Passionate about building scalable web applications and solving real-world problems through technology.

TECHNICAL SKILLS

- **Programming Languages:** Python , Java , JavaScript (ES6+), HTML5, CSS3
- **Frontend:** React.js, Bootstrap, Tailwind CSS
- **Backend:** Node.js, Express.js
- **Database:** MongoDB, Mongoose
- **APIs & Authentication:** RESTful APIs, JWT Authentication
- **Version Control:** Git, GitHub
- **Deployment & Cloud:** Vercel, Render
- **Tools:** VS Code, Postman, Mongo DB

WORK EXPERIENCE

Web Development Intern (Simtrak Solutions) **May2025 – Dec2025**

- Contributed to frontend development using React.js, JavaScript, Bootstrap, and Tailwind CSS, with additional exposure to backend (Node.js & MongoDB).
- Successfully developed and deployed 2 **live client projects** – JIT Polytechnic website and TiCi Nature Lab website.
- Developed and integrated an **AI-powered chatbot using Node.js** to enhance user interaction and customer query handling.
  - Implemented responsive UI, integrated APIs, and optimized performance for better user experience.

Frontend Development Intern (BR Softech) **Mar 2025 - May 2025**

- Assisted in frontend web development using **HTML, CSS, JavaScript, and Bootstrap**.
- Gained practical exposure to UI design, bug fixing, and responsive layouts.
- Worked under senior developers to understand industry practices in web development.

Full-Stack Development Intern (BR Softech) **Mar 2025 - Jul 2025**

- Worked on end-to-end web development using the **MERN stack (MongoDB, Express.js, React.js, Node.js).**
  - Designed and implemented responsive frontend with **React.js, Bootstrap, and Tailwind CSS.**
  - Developed and integrated backend APIs with Node.js and MongoDB for dynamic data handling.
  - Collaborated with team members to debug, optimize, and deploy web applications

PROJECTS

- **Nielacare – E-Commerce Website – (Freelance)**
  - **Tech Stack:** Typescript.js, Next.js, Express.js, MongoDB, JWT, REST APIs

- Developed a full-stack e-commerce platform for menstrual hygiene products using Next.js, React.js, Node.js, Express.js, and MongoDB.
- Implemented secure user authentication, product management, shopping cart, checkout, and order management functionality.
- Integrated Razorpay payment gateway and automated branded invoice generation with customer email notifications.
- Deployed the application using Vercel (frontend), Render (backend), and MongoDB Atlas, with a custom domain and production-ready API integration.

- **Poiya Health – Full Stack Corporate Website – (Freelance)**
  - **Tech Stack:** React.js, Node.js, Express.js, MongoDB, JWT, REST APIs

- Delivered a full-stack MERN application for a healthcare equipment supplier, serving as the official corporate website.
- Built a feature-rich Admin Panel for managing products, categories, enquiries, career applications, and dynamic website content.
- Designed secure RESTful APIs with JWT authentication and implemented complete CRUD functionality for content management.
- Integrated MongoDB with optimized database models to efficiently handle products, enquiries, and career records.
- Managed end-to-end deployment, testing, debugging, and production updates using Vercel and Render.

- **JIT polytechnique website – (During Internship)**
  - **Tech Stack:** React.js, JavaScript, Bootstrap, Tailwind CSS

- Developed a responsive educational website using React.js with reusable and scalable components.
- Improved website performance, responsiveness, and cross-browser compatibility.
- Collaborated on feature implementation, bug fixing, and deployment for a live client project.

- **TiCi NatureLab website – (During Internship)**
  - **Tech Stack:** React.js, JavaScript, Bootstrap, Tailwind CSS

- Designed and developed a responsive business website with a clean and user-friendly interface.
- Implemented modern frontend features and optimized UI for better user experience.
- Contributed to testing, debugging, and deployment of the live production website.

EDUCATION

2026 - 2028	Master's in computer Applications(MCA)	**Pursuing(2026-2028)**

2023 - 2026	Bachelor's of Computers Applications(BCA)	**(CGPA: 7 . 8 9)**
2021 - 2022	Class 12th CBSE Board	**(60%)**
2019 – 2020	Class 10th CBSE Board	**(57%)**
